

January 13, 2023

Dear Resident,

Pearson Construction is under contract with the City of Bel Aire for construction of paving and drainage improvements on Woodlawn from 37th St. N. to 45th St. N. As a part of the construction process, traffic will be switched to the new pavement and will **Continue the North Bound Only Traffic. Residents on the West side of Woodlawn will have access via DANBURY, and 44th ST N.**

Pearson will be constructing the West half of the 45th & Woodlawn Intersection, along with the remaining pavement north of 45th during this phase.

North Bound Woodlawn traffic will be able to continue North through the 45th Street Intersection during this phase, as well as turn East.

45th Street traffic will not be able to continue through the intersection during this phase. East Bound Traffic will be 2-Way traffic till just East of Los Cunados Drive. West Bound Traffic will be required to turn North on Woodlawn.

Please see the attached maps for the traffic control, and access during this phase.

We understand this work is an inconvenience; however, your patience will be much appreciated and will add to the success of the project.

Sincerely,

Pearson Construction, LLC
