

2024 Water Conservation Rebate Program

Thanks to the City of Wichita funded Water Conservation Rebate Program, the City of Bel Aire is offering rebates for qualified water conservation devices as approved by the City of Wichita.

A \$25,000 rebate allowance will be shared amongst Wichita's wholesale customers, of which Bel Aire is one. Rebates will be distributed on a first-come, first-served basis until funds are depleted, and will be credited to the Bel Aire Utility Customer's account.

Rebates are available to all Bel Aire utility customers, including residential and commercial, owner-occupied, and rentals. Any qualifying device purchased between Jan. 1, 2024, and Dec. 31, 2024, is eligible for the program, while funds are available.

Eligible items include:

- Hose/faucet irrigation controller: \$100
- Smart irrigation controller, labeled as approved by WaterSense: \$100
- Rain sensor shut-off device, set to shut off irrigation after ¼ inch of rain is received: \$100
- Rain barrel, 45 gallons or larger: \$75
- Dual flush toilet conversion kit, change inefficient toilets to using 1.6 gal per flush or less: \$50
- Toilet repair kit: \$35

Customers are required to fill out a rebate application and provide original copies of receipts to verify purchases. Credits for approved purchases will be applied to active utility accounts once funding is received from the City of Wichita. Credits are dependent on approval of application and availability of funding.

Full details and application are available online at

Belaireks.gov/402/Water-Conservation-Rebate-Program

and at City Hall at 7651 E Central Park Ave. Incomplete applications will not be considered.

If you have questions, call City Hall at 744-2451.

Did You Know?

According to City policy, homeowners are required to keep backflow prevention devices in good, working condition. Test reports must be filed every two years, on even numbered years. The device is required to be rebuilt or replaced upon failure of the backflow testing. Test reports need to be completed and submitted by **June 1st, 2024**, by a certified, City of Bel Aire licensed technician.
